

## **Kamila Janowski**

She's part of the mixxt team since March 2008 and responsible for marketing and PR.

During and after her studies in Economic Science she gained experience in cultural, medical and online marketing and is also familiar with medical tourism. In the "Rheinisches Landesmuseum Bonn" she worked in the department Press and PR and organised events and promotion tours.

### **Her way to mixxt:**

"...led across Philipp Ellenbeck and a happy coincidence of "I urgently need something completely new" and "we're looking for someone right now" directly to mixxt."
